How It Works

Leader key style: Tap Caps Lock, release, then tap sublayer key (e.g., O), release, then tap command key (e.g., S for Slack).

Direct shortcuts: Hold Caps Lock + press key simultaneously (arrows, 1/2/3, F3).

Timeout: 500ms window between key presses.

◆ B U	ClickUp
◆ B X	X (Twitter)
◆ B Y	YouTube
